EXTERNALLY

The property has driveway parking for at least 1 vehicle, and a privacy fence has been erected to the side of the property which if removed, would provide extensive further driveway parking to the side of the property and to the rear, all of which is block paved. Immaculately maintained front garden with lawn, borders and shrubs. Attractive wrought iron pedestrian gate and driveway gates.

Another wonderful asset to this beautiful bungalow is the gorgeous rear garden. Block paving extending the potential driveway down the side of the house to the rear where there is a large garden shed for storage and water butt for collecting rainwater for the borders and shrubs no doubt. The garden is beautifully organised with raised borders, well maintained lawn and well stocked planting throughout. The garden was bathed in sunshine on the day of the photographs confirming a sunny aspect in pretty much all areas.
