- Kitchen, Utility/Boot Room and Garden Room
- First floor bathroom, ground floor Wet Room/WC
- Just a short walk from the shops
- Generous Living Room with wood burner
- 2 good size bedrooms
- Long, landscaped rear garden
- Must see property!

Location

White Horse Street is just a short stroll from the shops, passing by Damgate Street en-route; one of the oldest roads in Norfolk. Wymondham is a historic market town just 10 miles south of Norwich city centre, with the town benefitting from a variety of schooling options, both primary and secondary, with Wymondham college in particular, boasting an 'outstanding' Ofsted rating. There are good supermarkets including Waitrose and numerous small businesses in the town. Transport buses link the surrounding towns and villages and the town's railway station also provides a direct line into Norwich, Ely and Cambridge, with London commutable in around 2 hours.

The Property

The cottage has clearly been well loved and cared for during the sellers ownership. Upon entrance, there is a small lobby and Wet Room/WC which have been added in recent years. A door opens into a generous Living/Dining Room with prominent chimney breast and wood burning stove, which stand out to make a lovely feature within the room. Stairs lead up from the Utility/Boot Room, which provides excellent supporting space to the house. A glazed door leads through to tiered Garden Room and through again to the fitted kitchen - which has two Velux skylights. A great deal of thought has gone into the extended design and overall feel/ambience of this home, especially regarding access to light, which even includes a light funnel on the landing. Upstairs are two bedrooms - the larger of the two has fitted wardrobe. The second bedroom can easily cater a double bed, but is currently used as a study. A good size bathroom

Outside

Shared access gate and well maintained pathway leading down the side of the terraces. The rear garden opens up beautiful 'country style' garden with steps down to a mature, lush lawn with well stocked borders. There is an array of flowers and shrubbery as you make your way down the garden, passing a useful store shed, through to a 'working garden' where raised vegetable beds and wooden tool shed can be found.

Services

Mains water, drainage and electricity. Gas central heating.
