Summary

Lakeside Cottage presents an exceptional lifestyle opportunity, offering a beautifully appointed lakeside retreat nestled on the tranquil shores of Swithland Reservoir. This Grade II listed home showcases a striking Victorian exterior rich in original character, seamlessly blended with contemporary luxury following a comprehensive architectural renovation. The result is a residence of rare elegance and calm, set in a breathtaking location with panoramic views and a peaceful sylvan backdrop.

The extensive accommodation begins with an inviting entrance hallway leading to a cloakroom, sitting room, lounge and an impressive open-plan living and dining kitchen, supported by a separate utility room.

The entrance hall features a porch leading into a hallway with stairs to the first floor, an ornate radiator, a boot cupboard, herringbone oak flooring and understairs storage behind an original pine door.

The Lounge is a great space for all the family to enjoy and includes a multi-paned sash window, a Minster-surround fireplace with inset wood-burning stove, coved ceilings, picture rail, radiator, media wall and a feature window through to the kitchen. The Sitting Room offers generous character with an ornate fireplace and wood-burning stove, picture rail, coving, a central rose, and sash windows framing views of the reservoir.

The open-plan living and dining kitchen is fitted with an extensive range of base units and drawers, a Belfast twin-bowl sink, integrated dishwasher, housing for an American-style fridge freezer, a double-fronted pantry, a central oak island with induction hob and extractor, two built-in ovens, pan drawers and a breakfast bar with further storage. Additional features include a freestanding oak cabinet with built-in pet accommodation, herringbone flooring, ornate radiators, ceiling spotlights and triple sliding patio doors opening to the gardens.

The utility room offers excellent storage with base units, drawers, a Belfast sink with swan-neck mixer tap, solid oak worktops, a utility cupboard with plumbing for a washing machine, a wall-mounted cabinet, an extractor fan and a multi-paned sash window. Completing the ground floor accommodation is a downstairs cloakroom that provides a low-level WC, pedestal wash basin,

heated towel rail and wood panelling.

The staircase rises to the first floor, where there are four generous double bedrooms. The principal bedroom enjoys magnificent dual-aspect views across the reservoir, woodland and gardens, and features a dressing area and a luxury en-suite bathroom. The remaining bedrooms each offer their own charm, with sash windows, views of the gardens or reservoir, original fireplaces and exposed floorboards. The family bathroom includes a freestanding bath, a wet-room style shower and thoughtful storage incorporated into a bespoke pine unit.

The first-floor landing showcases partial wall panelling, the original banister and spindles, a multi-paned sash window, recessed shelving and loft access via a fold-down ladder.

The main bedroom has been luxuriously extended and includes aluminium double-glazed windows and French doors opening onto a balcony with views over the gardens and surrounding woodland. Its adjoining dressing area is fitted with bespoke floor-to-ceiling deVol wardrobes offering double hanging rails, shelving and a central jewellery drawer.

Externally, original Victorian wrought-iron railings have been retained at the front, accompanied by a brick-paved and cobbled driveway, laurel hedging and an electric car charging point. Steps lead to a raised decking area behind the garage, where a freestanding Urban Ice Tribe plunge bath is positioned, and access is provided to a self-contained annex above the garage. The double garage itself is currently used as a gym, featuring an electric roller door, timber beams, spotlighting and plumbing for laundry appliances.

The annex, currently used as an Airbnb called "Waterside Edge," offers a charming double bedroom with multi-paned windows on three sides, a sink with mixer tap and storage, and pine-clad walls and ceiling. Steps lead to a lower level containing a shower room with a shower cubicle, vanity basin, WC, extractor fan, tiled flooring with underfloor heating and a heated towel rail. Internal access connects the annex to the garage.

The gardens are a particular highlight, wrapping around the property and having been comprehensively landscaped. They include a flagstone patio, raised timber sleepers, planted

borders and steps leading to a triangular main lawn.

Further raised lawned areas lead to a bespoke garden room or home office featuring bi-folding doors, a decking area, a circular feature window with views over the lakes, electric heating, spot lighting and customised blinds.

Behind this building is a storage area divided into sections for logs, garden furniture and a steel shed alongside the oil tank. Timber sleeper steps lead back to the side garden, and the grounds also feature CCTV, outside lighting, taps and power points. The entire plot extends to approximately 0.25 acres and offers exceptional privacy with abundant wildlife.
