A note from the Vendors ...

'Welcome to our home where we have lived for the last twenty-one years. We love the neighbourhood which is only five minutes away from the city, yet we have quiet country surroundings. We are proud to have made the house an eco-friendly home with an outstanding 'B' Energy Rating with solar panels, electric car charger in the garage and free electricity while the sun shines. The solar panels give an annual income of approximately £2,000 per year.

The house has been well maintained throughout with a new kitchen 2 years ago and recent redecoration throughout. The double garage is very useful with room for 2 cars as well as workshop space. The garden is well stocked and lovingly tended and produces a good variety of fruit and flowers. It also has a grapevine.'
