PROPERTY SUMMARY

For us, the real appeal here is the amount of work that has already been taken care of. Buying a home is exciting enough without immediately having to budget for a new boiler, windows, electrics and redecoration, and those are all jobs that have already been addressed here! It leaves the next owner with a home that they can simply move into, unpack and make their own. Whether you're taking your first step onto the property ladder, looking for a little more space or wanting to downsize without compromising on quality, we think this one is well worth a closer look.

This is the sort of property that really does offer buyers the opportunity to move straight in and enjoy, without having to take on a long list of jobs. Having been completely renovated throughout by the current owners, this three-bedroom semi-detached home has been brought up to a modern standard whilst still offering the practicality of a genuine family home.

The accommodation provides three bedrooms, a family bathroom and well-proportioned living space, making this a particularly versatile property for first-time buyers, growing families or those simply looking for a home that is ready to go.

The renovation has been extensive, with a new boiler, new electrics, new windows, fresh plastering and complete redecoration throughout. The loft has also been fully insulated, while the property benefits from a PCC certificate, providing useful reassurance for buyers purchasing with a mortgage. There is also an electric vehicle charging point already installed.
