Welcome to Chelsea Waterfront: An Iconic Riverside Landmark Reimagined

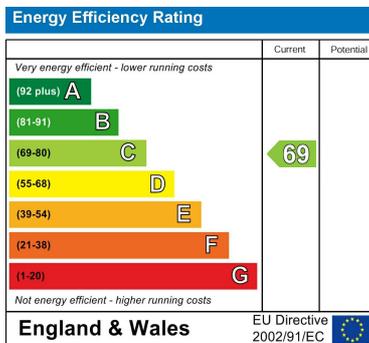

Set along 600 meters of uninterrupted Thames frontage, Chelsea Waterfront is a landmark riverside development in one of London's most prestigious postcodes. Masterplanned by world-renowned architect Sir Terry Farrell, this 11.3-acre site blends heritage and innovation—anchored by the iconic Lots Road Power Station with its twin chimneys.

Residents enjoy access to world-class amenities, including a tranquil 20-metre swimming pool, jacuzzi, sauna, steam room, state-of-the-art fitness centre, and a beautifully appointed Residents' Club Lounge. Outside, landscaped water gardens, riverside promenades, and a signature waterside restaurant create a serene, village-like atmosphere in the heart of the city.

The development includes ten architecturally striking buildings—featuring two dramatic glass towers and the historic Metropolitan Building—offering 193 exquisitely designed apartments with expansive layouts, high-end finishes, and floor-to-ceiling windows framing panoramic river views.

Ideally located, Chelsea Waterfront offers excellent connectivity. Imperial Wharf Station is a short walk away, with fast Overground links to Clapham Junction, Shepherd's Bush, and beyond. Premier shopping at Sloane Square and South Kensington is within easy reach, and Heathrow Airport is just 35 minutes away.
