Set in the heart of Bierton village, this impressive four/five-bedroom detached family home enjoys a prime position siding onto open farmland and offers excellent versatility with the added benefit of annexe potential. Designed with modern efficiency in mind, the property is enhanced by solar panels providing a quarterly income by exporting electricity back into the national grid. The solar panels are owned outright and would transfer to any new owner. This wonderful property blends contemporary living with a peaceful countryside setting.

The ground floor is arranged around a welcoming entrance hall that leads into a beautifully refitted

kitchen, fitted with sleek cabinets, stylish worktops, integrated appliances including an induction hob, and larder, all complemented by a separate utility room. A dual-aspect living room offers an abundance of natural light, while the dining room flows into a light and airy garden room, creating an ideal space for entertaining. The layout also includes a downstairs cloakroom, a dedicated office for home working, and a versatile family room or fifth bedroom with its own utility area, offering excellent potential for a self-contained annexe. This is further enhanced by an additional conservatory overlooking the rear garden.

Upstairs, a mezzanine-style study area provides a bright and airy landing, leading to four well proportioned bedrooms. The master bedroom is fitted with built-in wardrobes and benefits from a en suite bathroom, while the remaining bedrooms are served by a family bathroom.

The outside space is equally impressive, with a beautifully landscaped wrap-around rear garden that features multiple patio areas, an expansive lawn, a variety of established trees, plants and shrubs, providing both privacy and tranquillity. To the front of the property, a double garage with light and power sits alongside a block-paved driveway, offering ample parking for several vehicles.
