# 63 Apartment 74, Regent Road

£210,000

## Full Description

Elite Realty Invest is pleased to present a new residential conversion development comprising 74 apartments arranged across three attractive red brick buildings. The scheme offers a collection of well designed one and two bedroom homes created to provide comfortable, modern living in a well connected location.

Each apartment features open plan layouts, generous natural light and thoughtfully designed interiors that appeal to today's tenants. Residents will also benefit from the convenience of on site parking and a setting that balances city accessibility with a more relaxed residential environment.

Located just minutes from Manchester city centre, the development offers excellent connectivity and strong tenant demand. The nearby tram stop is only a short walk away, while MediaCityUK, home to major international employers and media organisations, can be reached within minutes.

Manchester continues to attract significant global investment and remains one of the UK's most dynamic rental markets, supported by a large and growing population of professionals and students. This off plan opportunity is available strictly for investment purposes and offers investors the chance to secure property below current market value within a thriving regional city.
