IH INGLEBY HOMES

A substantial five bedroom detached family/executive home built by Avant Homes in 2022, which occupies an enviable 'tucked away' position within the sought-after 'Copper Gardens' development off Roundhill Avenue in Ingleby Barwick.

Still feeling 'Brand New' but already significantly improved, most notably with a fabulous 'Garden Cabin' and Solar Panels. The cabin sits at the rear of the enclosed garden, delivering a large, versatile space that can be optimised to suit a new owner, whether that be a home gym, studio, home-work space or simply garden bar. It boasts bi-fold doors, insulation, electrics, heating and hard-wired internet, with a WC and built-in side canopy that houses a sunken hot tub.

The solar panels benefit a new owner with much-reduced 'day to day' running costs for the family home.

Internally, the property is spacious and impressive, and brought to a standard typical of Avant's quality, briefly comprising an entrance hall, cloakroom/WC, independent lounge, stunning open-plan kitchen/diner/family space and utility off to the ground floor. The first floor brings five bedrooms, 'Master' with stylish ensuite, and attractive 'four-piece' suite family bathroom.

The unusually generous plot enjoys extensive front parking, with integral garage, and EV charging point, whilst the rear garden brings patio and lawn with the afore mentioned garden cabin and hot tub.
