

Moresby Walk, Ingleby Barwick

Asking Price £775,000

IH INGLEBY HOMES

This stunning 'self build' home is located within one the most desirable areas of Ingleby Barwick, and simply demands internal inspection for its true quality, and extensive accommodation to be fully appreciated.

Stylish, especially large and packed with features, a high-spec finish has been achieved from top to bottom, with little expense spared - this is typified in the stunning open plan kitchen/diner/family space that boasts a superb fitted kitchen with 'island', bi-folding doors to the rear garden and a dining room/garden room adjoins with 'Lantern' style roof window.

The internal accommodation comprises a reception hall with imposing, feature 'Oak' staircase, cloakroom/WC, sitting room, lounge and the afore mentioned 35ft plus kitchen/family room open plan to the garden/dining room and utility to the ground floor. A rear hall leads to a staircase, accessing a first floor 'Guest Suite' above the large garage, delivering a large bedroom, with its own kitchen area, fitted robes and ensuite. The main first floor brings four of the six bedrooms, and a study, the 'Master' being especially generous, with 'French' doors opening to a 'Juliet' balcony' overlooking the greenery, open views and farmland ahead, with its own walk-in dressing room and luxurious, feature bathroom. Bedrooms two and three share a full bathroom Jack 'n' Jill suite. The second floor is home to two further large bedrooms, the rooms share a further stylish ensuite shower room, one is currently optimised as an impressive games room, the other with its own walk-in dressing room.

The delightful, enclosed garden, enjoys a generous patio with timber 'pergola', well tended lawn and established shrubs, greenery and plating within the borders, whilst built in lighting really brings it to life after dark. A block paved drive approaches the large double garage, which offers further scope to develop the first floor annex to a 'house size' annex, which is an avenue some buyers may want to investigate.

The Layout

Energy Efficiency Rating			Environmental Impact (CO ₂) Rating		
	Current	Potential		Current	Potential
Very energy efficient - lower running costs					
(92 plus) A			(92 plus) A		
(81-91) B			(81-91) B		
(69-80) C			(69-80) C		
(55-68) D			(55-68) D		
(39-54) E			(39-54) E		
(21-38) F			(21-38) F		
(1-20) G			(1-20) G		
Not energy efficient - higher running costs
