The Stone Family

Tucked along one of Reigate's most picturesque residential streets, this handsome Victorian end-terrace immediately catches the eye. Its distinctive yellow brick façade, accented by traditional red brick detailing, sits proudly amongst a row of similarly characterful homes, creating a streetscape that feels both timeless and welcoming. Original white sash windows and a traditional front door complete the elegant frontage, offering a glimpse of the period charm that has made these homes so enduringly popular.

The day often begins at the kitchen island, coffee in hand, as morning light filters through the rear of the house. This is the heart of the home: a beautifully designed open-plan space where cooking, dining and conversation naturally come together. Heritage shaker cabinetry, painted in a calming shade of green and paired with oak worktops, gives the kitchen a timeless cottage feel, while thoughtful details such as the butler sink, antique steel handles and cleverly concealed utility area ensure it works as well as it looks.

The dining area sits at the centre of it all, framed by the character staircase and a wall of alcoves that provide both storage and a place to display favourite books, artwork and collected treasures. From here, double doors open directly onto the garden, creating an effortless connection between indoors and out during the warmer months.

Outside, the garden feels surprisingly private. Although east-facing, it enjoys an abundance of sunlight throughout the day. A terrace provides the perfect spot for breakfast or evening drinks before steps lead up to a generous level lawn bordered by mature trees and established planting. At the far end, a contemporary outbuilding offers welcome flexibility; equally suited to home working, creative pursuits, a workshop or a dedicated playroom.

As evening draws in, the front sitting room becomes a natural retreat. Light pours through the sash window during the day, while bespoke shutters soften the evening sun. An original fireplace, complete with carved mantel, iron insert and metro-tiled surround, anchors the room, with an elegant arched alcove adding further character. It is a room that feels equally suited to quiet winter evenings by the fire as it does to relaxed weekends with family and friends.

Across the upper floors, three generous bedrooms provide space to grow and adapt over time. One of the first-floor bedrooms retains their original fireplace, adding warmth and personality, while the top-floor bedroom is wonderfully bright, with useful eaves storage tucked away. Serving them all is a spacious family bathroom, thoughtfully designed with both a separate bath and shower.

Life here is defined by ease and connection. Days begin with a walk along Nutley Lane, where the architecture tells the story of Reigate's Victorian heritage. Neighbours stop for a chat outside the quaint Admirals Inn, while the nearby arched railway bridge and historic church provide familiar landmarks that have anchored the community for generations.

As the lane gently descends towards the town centre, Cobblestones replace tarmac, leading directly into the western end of Reigate's historic High Street, where independent shops, cafés and restaurants sit alongside everyday essentials. Whether it's a Saturday morning coffee, an evening meal with friends or a quick trip into town, everything feels comfortably within reach. Green space is equally close at hand. Priory Park, one of Reigate's most treasured outdoor spaces, is just a short stroll away and offers beautifully maintained grounds, playgrounds, sports facilities and its recently opened café.

For families, the location is particularly appealing. Several well-regarded schools and nurseries are within walking distance, including Holmesdale Infant School, Priory Park Junior School and Cavendish Lodge Nursery, making the school run refreshingly straightforward. Reigate railway station can be reached on foot, providing convenient links for commuters, while the town's road connections make travel throughout Surrey and beyond straightforward.
