St Elmos is an exceptional development opportunity and a blank canvas to create either your own home or an investment and rental business located in the picturesque village of Brodick on the Isle of Arran. The development presents a unique opportunity for investors and developers alike. The site boasts a substantial stone building, over three floors, which has already been taken back to the brick internally and has planning permission for the conversion and construction of eight residential apartments and a Class 6 commercial unit, making it an ideal venture for those looking to capitalise on the growing demand for quality accommodation in this charming area. Equally, with vision, the building could be developed into one large home or reinstated to its former glory as a boutique hotel.

The property is conveniently situated a short distance away from the ferry terminal and all the village amenities, ensuring that future residents and guests will have easy access to shops, restaurants, and local services. This prime location not only enhances the appeal of the development but also promises a vibrant community atmosphere and takes in the wonderful views.

One of the standout features of this property is the stunning sea views that stretch across the Brodick Golf Course. The breath taking scenery surround St Elmos provides a tranquil backdrop, making it an attractive proposition for potential buyers or renters seeking a serene lifestyle by the coast and a stones throw from the popular golf course.

With its combination of a strategic location, planning permission, and picturesque views, this development property at St Elmos is a rare find on the Isle of Arran. It offers a fantastic opportunity to create a desirable living space in a sought-after area, appealing to both local residents and visitors alike.

Do not miss the chance to explore the potential this property holds.
