Newstead House offers the rare chance to purchase a classic farmhouse standing in a beautiful mature parkland setting of around 7 acres. The sale of Newstead House is in need of extensive refurbishment but offers the chance to restore an important country home to a location of some considerable appeal. The house provides five bedrooms, large breakfast kitchen, two reception rooms and extends to over 3000 sq ft.

History

Newstead house was built by the Turnor family, notable landowners throughout Lincolnshire, at a time of agricultural prosperity often referred to as High Farming. The house is believed to date back to around 1860 and was brought to the market in 1911. The sales particulars from the time describe the property as an excellent and exceedingly desirable holding, set well back from the road and approached by a pretty avenue carriage drive through a well-timbered miniature park.

Location & Amenities

This is a rural area of scattered traditional English villages and market towns. The most sought after nearby Victorian village of Woodhall Spa offers good local shopping and a range of services, several excellent hotels, restaurants and a delightful cinema known as the Kinema in the Woods. Woodhall Spa has been home to England Golf since 1995 and includes the Hotchkin Course which is known as one of the country's finest courses. A second course, the Donald Steel designed Bracken Course opened in 1998. The full range of shopping amenities are available in the historic Cathedral City of Lincoln only 18 miles away.

Situation

The property is situated on Station Road, a no through road leading to the River Witham and giving access to the Lincoln to Boston section of route 1 of the National Cycle route.

Access

The property is accessed over a private driveway from Station Road, a no-through road. The private driveway will continue to be used to access the retained farmland and outbuildings, and a new driveway will be required by the new purchasers.

The Land

To the south of the property is a stunning parcel of parkland, laid to grass and punctuated with mature trees and extending to around 8.37 acres. To the north and west of the house is a belt of mature woodland, extending to 1.56 acres.
