Description

The accommodation briefly comprises of two reception rooms, a kitchen, two bedrooms and a bathroom, providing a practical layout with scope for a new owner to modernize and make the property their own. Externally, the property really comes into its own, with an exceptionally large driveway and extensive area of hard standing providing ample parking and access to a substantial range of garages and useful outbuildings. The extent of the outside area offers considerable flexibility. For those looking for extensive garaging, vehicle storage, workshop space or simply a property with plenty of outdoor storage. The amount of land and existing structures may also provide an opportunity for a purchaser to explore potential future development or alternative use, subject to the necessary planning permissions and consents. Alternatively, the existing garages could potentially be removed or reconfigured to create a significantly larger garden area, subject to the purchaser's requirements and any necessary consents. Properties offering this amount of external space in a town location are rarely available and the potential here is something that needs to be seen to be fully appreciated.
