Internally, the property's original features include sash windows, exposed floorboards, original doors, and a striking marble fireplace in the principal bedroom. The bright lounge/diner benefits from a large bay window, flooding the space with natural light. The two well-proportioned double bedrooms each offer something unique — the primary bedroom features French doors opening onto the rear garden, while the second enjoys a charming bay window, perfect for a desk or reading nook. A shower room with window for good ventilation and spacious kitchen with large sash window and side door accessing the rear garden offer excellent potential for modernisation, giving the incoming buyer the opportunity to update and personalise to their own taste. From the hallway, you'll also find direct access to a vast basement, ideal for those in need of storage.

To the front of the property there is a driveway offering one parking space and the private rear garden a large patio leading to lawn.
