Holford Street enjoys a particularly convenient position for those wanting town centre living, with the property providing direct pedestrian access from its rear courtyard towards the town centre car park. From here, Congleton's excellent range of shops, cafés, pubs and restaurants are all readily accessible, together with the popular Congleton Market Quarter and the wider amenities of the town centre.

Internally, the accommodation is well presented and offers more than may initially meet the eye. The ground floor includes a separate front lounge, while to the rear is a generous open-plan dining kitchen, creating a sociable and practical everyday living space. The fitted kitchen provides a range of units and work surfaces together with access directly into the enclosed rear courtyard.

The first floor is equally appealing, providing two well-proportioned double bedrooms, unusually both benefiting from their own private en-suite facilities. The principal bedroom has an en-suite bathroom, while the second bedroom is served by its own en-suite shower room – a particularly useful arrangement for couples, sharers or visiting guests.

Externally, the enclosed rear courtyard has been designed with low maintenance in mind, providing a private paved seating area together with a timber garden store and gated pedestrian access beyond.

Well maintained, conveniently located and offered with no upward chain, this is an excellent opportunity for first-time buyers, downsizers or anyone seeking a manageable home within easy reach of central Congleton. The unusual two-bedroom / two-en-suite arrangement is a real advantage and helps set this property apart from the typical terraced home.

Viewing is highly recommended to appreciate both the accommodation and exceptionally convenient location on offer.
