Utilities

The property benefits from separately metered utility services to both the ground floor retail premises and the first floor. Both the ground floor and first floor have independent gas and electricity meters, together with their own gas-fired central heating boilers, the first floor boiler is located in the loft space.

The ground floor commercial premises is served by a water meter, whilst the first floor apartment is connected to the mains water supply but does not have a separate water meter installed.

NOTE

The first floor accommodation is currently arranged to provide residential-style accommodation. The property title historically refers to a shop and dwellinghouse. Purchasers should satisfy themselves as to the current lawful use of the accommodation and any future use they may wish to make of it, and should rely upon their own enquiries with the relevant authorities.
