DESCRIPTION

A very well presented three bedroom detached family home within the ever sought after Tehidy Gardens, in the heart of Tehidy. The property has been well cared for over the years, and offers excellent balanced accommodation across two floors to include generous entrance hall, spacious living room, separate Kitchen and Dining room, Utility area and ground floor W.C, along with three bedrooms and impressive four piece family bathroom to the first floor. Externally there's driveway parking, a front garden and an attached garage, along with a superb rear garden, which enjoys open and far reaching countryside views. A fantastic family home in a sought after location

LOCATION

Tehidy is a particularly well regarded semi rural location on the outskirts of Camborne town. With the popular and quite beautiful Tehidy woods on the doorstep, along with the surfing village of Portreath just down the road, and access on to the A30 on your cloby, Tehidy has long been considered one of the very best residential locations in the area. .

Camborne is a well-established Cornish town with a wide range of amenities, making it a practical choice for a variety of buyers. The town centre provides a mix of independent shops, cafés and national retailers, with supermarkets including Tesco and Aldi located nearby, along with a regular local market.

Camborne offers a selection of primary and secondary schools, including Camborne Science and International Academy, while Cornwall College provides further and vocational education. Leisure facilities include Carn Brea Leisure Centre with gym and swimming facilities, and nearby Carn Brea Castle and surrounding countryside offer beautiful walking routes and elevated coastal views.

Healthcare facilities, pharmacies, banks and a post office are available within the town. Camborne railway station provides mainline rail services, and the A30 offers road links across Cornwall. Camborne combines day-to-day convenience with a comprehensive range of local amenities.

ACCOMMODATION IN DETAIL

(All dimensions are approximate and measured by liDAR)
