### Rear Garden

Rear Garden & Canal

The rear garden is one of the standout features of the home, offering a beautifully landscaped outdoor space with a rare waterside setting. Designed to feel private, mature and peaceful, the garden combines generous lawned areas with paved seating spaces, established planting and a superb outlook towards the canal.

There is excellent space for outdoor dining, relaxing and entertaining, with the main patio sitting directly off the rear of the house and linking naturally with the living spaces. The garden continues towards the water, where the setting becomes especially impressive, with mature greenery, a garden seating area and direct canal-side views creating a real sense of escape.

A greenhouse, shed and log store add practical value, while the end-of-garden mooring rights, subject to the necessary permission, give this property an especially rare and desirable lifestyle appeal. Whether enjoying summer evenings by the water, watching passing boats or simply relaxing in a private garden setting, this is an outdoor space that strongly sets the home apart.
